

If your government officials have signed doctrine to help a certain kind of people than your government doctrine is faulty and in error, that doctrine is a lie against GOD. There are KNOW certain people your government should be worried about, your government should not respect any people but protect all the people.

This is how the #(USofA)
government is operated; All fake,
your government is the
#box-of-covetousness, and those
fake idols that speak from it like
parrots will pay for their part when
the DOCTRINE-KILLER arrives. All
fakers will be shamed.
